

BLACKBOARD TIP OF THE WEEK

Upgrading to the latest version of Blackboard

In two weeks, Blackboard is being upgraded to the latest version. The maintenance window is from Friday, April 7, at noon to Saturday, April 8, at 6 p.m. In this period the system will be unavailable.

You will experience some improvements in the upgraded version, and the Blackboard tip this week is a selection of what to expect:

- The Self and Peer Assessment tool will be fixed so that only students who have submitted a Self and Peer Assignment will be put in the feedback loop.
- There will be a new set of icons available.
- It will be possible to drag and drop the files you wish to attach.
- In the Grade Centre you can now send automatically generated reminders to students who have missed deadlines for submitting assignments, tests etc.

Hopefully, the updated functionalities will add value to your use of Blackboard.

Happy Blackboarding and have a nice weekend.

Kind regards,

ST Learning Lab
