

BLACKBOARD

HOW TO GET STARTED QUICKLY

1. MY INSTITUTION

- Click **My Institution** to enter your course menu

2. FIND COURSES

- Click **Courses** and select the course you want to work with
You can also find your courses in **My Institution**

3. EDIT MENU +

- Click on the plus symbol
- Click **Content Area**
- Name the content area and decide whether it should be available
- Move the area to a suitable position ↑
Notice that the menu item is not visible until you have made it available and added content

4. CREATE CONTENT

- Select a menu option and start designing your content:
 - a) **Build Content:** Create folders, elements, files, videos, images, etc.
 - b) **Assessments:** Create assignments, tests, surveys, etc.
 - c) **Tools:** Create blogs, discussion boards, wikis, groups, etc.

5. EDIT MODE

- Click to turn **Edit Mode ON** and **OFF**

Notice that edit mode needs to be enabled for you to create and edit content

6. STUDENT PREVIEW

- **Enter student Preview** to see what your course look like to your students

7. EDITING DOTS ⋮

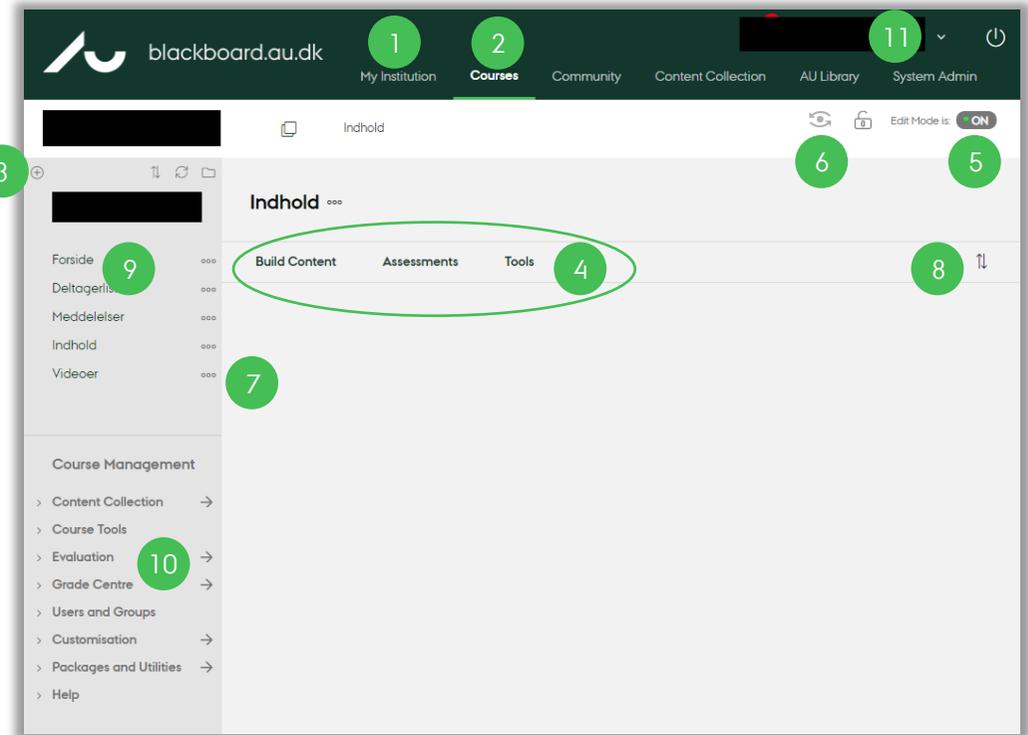

- You will find the editing dots next to most items in Blackboard
- Click the dots for useful editing options connected to the item that they appear with

8. DOUBLE ARROWS ⇕

- Click the double arrows to move about your content or menu items

9. COURSE HOME PAGE

- Click **Home Page** to see the front page of your course
- Design the front page with the content which is most relevant to your students

10. SEND MESSAGES

- Click **Course Tools** and then **Course Messages** if you want to post information via Blackboard
- Click **Course Tools** and find **Send Email** if you want to reach students directly through their inbox (you can send messages to, e.g., all users, single or selected users, groups, etc.)
Notice that a copy of your email will not be saved

11. CHANGE LANGUAGE

- Go to your **profile menu**
- Select Settings, Personal Information, and Change Personal Settings
