

# PLAY LIFESIZE VIDEOS IN CHROME

If you are unable to play a Lifesize video in Chrome and are asked to enable JavaScript and install the latest version of Adobe Flash Player, you need to do the following:

You must enable Javascript and install the latest version of Adobe Flash Player to view the video.

- 1 Click on the information icon **i** to the left of the URL address.

2 Next to *Flash* 1 click and select *Always allow on this site* 2. Update the page and your video will start.

NB: Select your preferences in the window and not in the *Site settings*.
