

Ugens Blackboard tip – Se flere studerende i Grade Centre

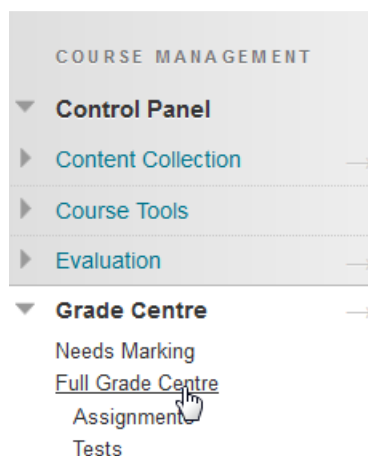

Når man anvender Grade Centre, vil man opleve, at man som udgangspunkt kun kan se 11 studerende ad gangen, og det giver ikke altid det bedste overblik.

Det kan være svært rart at se et større udsnit af de studerende, så man ikke skal scrolle op og ned. Du kan let indstille Grade Centre, således du får vist flere rækker. Det gør du således:

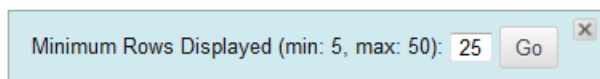

Gå ind i Full Grade Center

I bunden til højre findes knappen "Edit Rows Displayed":

klik på den og ret til det ønskede antal, eksempelvis "25"

Således vil Grade Centre, vise et større udsnit:
